

ANANT INDUSTRIES

Dedicated service to Defence since 1988

MANUFACTURER & SUPPLIER OF

Assemblies & Sub-assemblies of
Hydraulic & Pneumatic system for
T72/T90/BMP Tanks & its Engines

WHERE BEST QUALITY & SERVICE COMES NATURALLY

About Us

ANANT INDUSTRIES was established by **Mr. Chetan Dharia** in August 1988, by taking inspiration from 'DEFEXPO - 88' for indigenisation.

Company has now built the core strength of manufacturing & supply of various Assemblies and Sub-Assemblies of Hydraulic & Pneumatic systems for various Russian Tanks & its Engines, with ISO: 9001 Certification since past 2 decades

Our manufacturing set up consists of CNC's, VMC's and Lapping, Honing & Grinding machines along with many other conventional machines to cater the supply of small to mid-size batch quantities in short time. The parts are produced from ferrous, non-ferrous and also special grade Russian materials.

We have successfully supplied numerous quality items to various defence organisations with 100% quality checked in our ultra-modern inspection department. All of the critical assemblies were developed & supplied at very competitive cost.

Anant Industries has received an award in the year 2016 for The Best Supply Chain Management practices in manufacturing sector from the hands of Guest of honour Lt. Gen. A.T. Parnaik AVSM, SM, VSM (Retd). They also have received "INDIA TOP 100 SME AWARD" on 2nd August 2015 by India SME forum in grand function at ITC Maratha, Mumbai.

Within the span of 30 years company has transformed a lot to modernise with Excellent Quality Control Set-up.

Today ANANT INDUSTRIES is well-known for its Quality & Timely Supplies of Components / Assemblies by Indian Ordnance Factories & Ordnance Depots all over India.

Accredited with SMERA-2017 Certification

Rating:- MSME2 Financial -High
Operation Performance -High

D & B D-U-N-S ® Number 85-966-2556

Our Esteemed Clients

We believe in building long-term relationship with our customers.
We are also trying to boost these relations by providing excellent quality & cost effective Assemblies.

- Engine Factory, Avadi - EFA
- Heavy Vehicles Factory, Avadi – HVF
- Ordnance Factory, Medak – OFMK
- Machine Tool Prototype Factory, Ambarnath - MTPF
- Central AFV Depot, Kirkee – KVD

Vision

To Become Trustworthy Global player in Tank spares for defence.

Mission

To supply Quality Products with prompt & efficient service at competitive cost.

Values

- Give Dedicated Service to defence sector.
- Deliver our commitments.
- Follow high ethical standards.
- Technology & Innovation.
- Wide range of Products.

Awards

- 'Anant Industries' has received an award for best supply chain management practices in manufacturing sector- Small Scale – Year 2016 by the hands of Guest of honour Lt. Gen. A.T. Parnaik AVSM, SM, VSM (retd)

- Shri Pranab Mukherjee (Defence Minister) visited our stall at "DEFEXPO - 2008" held at Pragati Maidan, New Delhi.

Product Highlights

The application of our products are for T-90, T-72 & BMP Tanks & its engines.

Our product range consists of Hydraulic & Pneumatic Assemblies, Sub-Assemblies like Control Valves, Delivery Valves, Bracket with fuel Device, External Fuel Tank, Exhaust Manifold, Water Pumps, Air intake Heating Unit, Pump Elements, Fuel Feed Pump & many more.

All parts have intricate metallurgical standards with special grade material composition and precision machining to give desired life cycle.

Quality Policy

Quality control - Strict control is maintained at every stage to ensure the highest quality of final product that will satisfy our customer's requirements.

Quality system – As a part of ISO- 9001-2008 we have well defined Quality System & process manual for methodical approach for every stage.

Chetan J. Dharia
Director

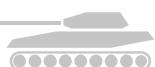

We are interested to go in

- Strategic Business Partnership
- Joint Ventures
- Technology Transfer

For various Tank Technologies

Assembly

Air Intake Heating Unit
